All Survey Items Table

The All Survey Items Table orders by mean score, from largest to smallest, your organization's responses to the survey items. The table also provides you with a visual indication of your organization's responses relative to overall Army responses.

The All Survey Items Table provides a detailed list of the questions and offers a comparison to the Army's Mean. The flags represent the relationship between the Unit's Mean Score and The Army's Mean Score for each question. Questions may be presented more than once if they were presented to more than one functional role outside of the Common Core Category. The column headers can be used to sort any column.

	Category	Question #	Question	Response
Add	Common Core	1	My organization adequately trains our personnel to safely conduct their jobs.	The changing rules associated with COVID-19 prevention, because they were location and activity specific, became a moving target. It was not clear at any given time if I had the most accurate, timely info for my job.
Add	Common Core	3	My organization's members incorporate risk management into	This is hard to judge, since "risk management" is a discipline and a way of thinking. I think people are cognizant of risk management, but I can't speak to the degree to which it is
